Why I am affiliated with the Donald L. Hollowell Foundation ?

I am founder, President and Chief Executive Officer.

What impact did Attorney Hollowell have on me?

I have been impressed with the late attorney since the Albany, Georgia Movement in the early sixties which I was a participant. Years later I joined his fraternity and church and he became my mentor. I was able to watch him up close at his best as a Christian and community leader.

My objective for the foundation

My objective for the foundation is to continue to galvanize the support of the civic and business leaders to support the legacy of one of Georgia's finest citizens alive.
