Why I am affiliated with the Donald L. Hollowell Foundation

I am affiliated with the Donald L. Hollowell Foundation due to my sense of responsibility to be involved with a foundation that promotes understanding and support for our community. Additionally, I feel that it is important for African-Americans to continue to follow through on the initiatives that our Civil Rights leaders employed to improve our lives. My involvement in this foundation is my personal effort to give back to my community.

What Impact did Attorney Hollowell have on me?

I have long admired his passion for our history as he promoted the people's hopes and dreams. I had the opportunity for many years to observe Attorney Hollowell's commitment to his church and community and still feel that his leadership examples are alive in our church and continue to guide much of the work that we do as a worshipping community.

What is my objective for the Foundation?

My objective is to continue Donald L. Hollowell's enhancement for quality of life through diligently offering the type of support and involvement to community leaders that will affect our future. I also hope that this foundation will serve as an inspiration to younger people as they learn the examples of community service from us, the leaders of today.
